No one chooses to use catheters everyday, but for people who need to, we promise to provide great products, services and support from your doctor’s office to your home, your life and anywhere you love to be.

Thanks to its unique, self-hydrating coating, the Magic Go® hydrophilic catheter with CleanGlide™ Technology provides you with control, comfort, and confidence. You never have to deal with the mess of water or lubrication because the coating is already hydrated. Simply open the package, and it’s ready to go—no matter where life takes you.

Easy to carry
Easy to open
Easy to use

Ergonomic Handle
The Magic³ Go⁺ hydrophilic catheter provides control with a secure grip and a no-touch area for you to insert the catheter. It can easily and securely be connected to a collection device.

Three-Layer Silicone Catheter
With its self-hydrating coating, the Magic³ Go⁺ with CleanGlide™ Technology is designed to glide easily and comfortably through the urinary tract.

Ultra-soft outer layer designed to help maximize comfort
Firm middle layer for easy handling
Pliable innermost layer for easy navigation

New, Unique CleanGlide™ Technology
CLEANGLIDE™ is a lubricious hydrogel that maintains the catheter in a hydrated state without requiring activation or lubrication prior to use.

Saves Time
Thanks to the Magic³ Go⁺ catheter there is no need to activate the coating or add lubricant anymore. It is ready to go out of the package.

Discreet Packaging
The Magic³ Go⁺ catheter’s package is discreet and gives you the ability to carry it folded in a compact format. The adhesive flap frees up your hands by attaching to dry, vertical surfaces.
